

**Becket Primary School**  
**Reception and KS1 Computer and Internet Acceptable Use Policy 2019**

Technology is a great tool to find information and to communicate with others. The school encourages its appropriate, effective and safe use. All users of technology in the school must agree to certain rules and agree to only use the equipment and software as instructed.

**This form should be shared with your child and you should both sign below showing you agree with the policy. The form should then be returned to school. Use of the Internet and/or hardware maybe withheld unless this has been done. There is a copy of this policy on both the E-Safety page and your child’s class page on the school website [www.stgeorgesvachurchprimary.co.uk](http://www.stgeorgesvachurchprimary.co.uk).**

**This is how I will keep safe when I use computers or other hardware in school:**

- I will ask a teacher or suitable adult if I want to use the computers, laptops or iPads
- I will only use activities that a teacher or suitable adult has told or allowed me to use
- I will take care of the equipment
- I will ask for help from a teacher or suitable adult if I am not sure what to do or I think I have done something wrong
- I will tell a teacher or suitable adult if I see something that upsets me on the screen
- I know that if I break the rules I might not be allowed to use the computers, laptops or iPads
